Subject: Date for Completion of Conservation Apprentice/Planner Requirements

This email is to correct a date that was discussed at the Area Meetings last week to complete all work toward conservation apprentice/planner during the Progression Line presentation. The date on the slide for completion of requirements for conservation apprentice (or to keep a conservation planner designation) was January 1, 2021. That date is not correct. The correct date is January 1, 2022. Sorry for the mistake; this will give another year to complete the requirements.

Thank you!
