Subject: Non Operating Landowner Workshops (STL Sept 14, KC Oct 12)

See information below about two upcoming workshops for non-operating and new landowners. These workshops are partnership effort between MDC, Mo Soybean Merchandising Council, MFA, Soil Health Partnership, QDMA, NWTf, USDA and Quail Forever to help landowners understand available programs from different agencies, precision agriculture, soil health and other opportunities to maximize profit on the farm while conserving natural resources on their property.

Attached is a Soil Health Partnership link to the event. <https://www.soilhealthpartnership.org/news-releases/soil-health-workshops-to-help-landowners-enhance-farm-stewardship/>

They also created Facebook events for both,
<https://www.facebook.com/events/800577153694209/> <https://www.facebook.com/events/673767656463032/>

I hope you or your organization will spread the word about these two workshops (STL Sept 14, KC Oct 12)

Thank you!
