*Lend a Helping Hand to  
Conservation of Land*

## SOIL AND WATER CONSERVATION DISTRICT NEWSLETTER

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or a part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Person with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410 or call (800) 795-3272 (voice) or (202) 720-8382 (TDD). USDA is an equal opportunity provider and employer.

## Byrd Creek Watershed AgNPS SALT Project

### Byrd Creek Watershed Tour

When: Wednesday February 17, 2010

Time: 1:00 – 3:30 p.m.

RSVP: Contact Paula at 573-243-1467 ext 3 by Tuesday February 16, 2010

We will be looking at sites in the northern part of the watershed. This tour will allow landowners a better understanding of what is available through the SALT Project and a chance to see Conservation on the Land.

# **ELECTION OF SUPERVISORS**

**The Cape Girardeau County Soil and Water Conservation district will be holding an election for Supervisors in Area II, which includes Byrd, Whitewater, and Kinder townships, and Area IV, which includes Hubble, Liberty, and Welch townships. The election will be held in conjunction with the open house on Wednesday, March 17th. Polls will be open from 11:00 a.m. until 6:00 p.m. at the lower level of the University of Missouri Extension Center.**

**A Soil and Water Conservation District Supervisor is a person elected or appointed to represent people throughout the county, and to be part of the governing body of the District. Supervisors are elected to a four year term. Supervisors administer District policies, programs, personnel, and funds. The supervisors have the authority "to promote all reasonable measures for the saving of the soil and water within that soil and water district". This leaves the Supervisors almost unlimited opportunity to execute a conservation program and makes them the key to success of the Soil and Water Conservation District. The District is supported by the one-tenth of one percent parks, soils and watersales tax, and other sources.**

**The candidates running for Area II are Frank Milde and Kenny Spooler. For Area IV the candidates are Larry Ahrens and Mark Reitzel. Any qualifying candidate not nominated by the committee may have their name added to the ballot if they reside in one of the two areas where an election needs to be held and have secured 10 signatures of land representative in the territory they wish to represent on petition and submit the petition to the Cape Girardeau County Soil and Water Conservation District Board of Supervisors at least 10 days before the election.**

## Annie's Project *Educational for Farm Women*

# Annie's Project 2010

March 9, 11, 16, 18, 23, 25

6 to 9 P.M.

What women are saying about Annie's Project:

*"This project has opened up communication and information shared between my husband and myself. I work full time in town and I have learned so much from this project that will help me help my husband with our farm business."*

*"I'm very glad I came. Because I've only been into the farming situation for three to four years and am a city girl to start with, I had no idea of the depth of the farming process as a business. This class has really started me thinking about how little I truly know—it has also whetted the desire to learn more..."*

*May we add you company here?*

**Annie's Project Sponsors:**

Registration is \$50 and includes a black zip-binder notebook, calculator, thumb drive and 1 FAST Tools record keeping software. Please return this form and payment by March 1.

Please make checks payable to:

Cape Girardeau County Extension.

E-mail \_\_\_\_\_

In what type of farm operation are you involved?

- Row Crop       Fruit/Vegetables  
 Livestock-Beef       Dairy-Other

*Return this form and payment to:  
University of Missouri Extension  
684 West Jackson Trail, P.O. Box 408  
Jackson, MO 63755  
Phone: 573-243-3581  
Email: bryang@missouri.edu*

University of Missouri is an equal opportunity/ADA institution.  
If you need special dietary or disability accommodations to participate  
in this, please indicate when registering.

## Annie's Project

Annie was a woman who grew up in a small town in northern Illinois. Her goal was to marry a farmer and she did. Annie spent her lifetime learning how to be an involved business partner with her farm husband.

Together they did great things, but it wasn't easy. This is Annie's project—to take her life's experience and share it with farm women living and working in a complex business.

More than 5000 farm women from 15 states have participated in Annie's Project. Check it out! Visit Annie's Project online.  
[www.extension.iastate.edu/annie/](http://www.extension.iastate.edu/annie/)

### What women are saying about Annie's Project:

*"This class has allowed me to meet other farm wives who have the same interests and goals that I do. We have formed a network of farm wives' who can help to support each other. I have also been exposed to many new topics and feel like I have been able to carry on an intelligent conversation with my husband, and understand his worries and concerns."*

## Register Today!

Sign up for evening sessions of Annie's Project by returning the registration form in this brochure or by calling Lynn Heins at the Washington County Extension Office (573) 438-2671 or the Cape Girardeau County Extension Center at (573) 243-3581.

# Whitetail Deer and Wild Turkey Habitat Management Workshop

Location: Missouri Department of Conservation  
Cape Girardeau Nature Center

Date: 6:30pm, Thursday, March 4, 2010

Topic: How to manage for better Deer and  
Wild Turkey habitat

Presenters: John Burk, NWTF Biologist, Missouri

Jason Sumners, MDC Resource Staff  
Scientist/Deer Biologist

Sponsored by the Trail of Tears Branch,  
Quality Deer Management Association (QDMA) and the Bootheel Boss  
Gobblers Chapter of the National Wild Turkey Federation

## **FOR RENT NO TILL DRILLS & PASTURE RENOVATOR**

The SWCD would like to remind everyone the District has a 10' Great Plains Drill and a 7' Great Plains Drill for rent along with a 8' Truax Drill (warm season grasses). The District also has a Rhino Pasture Renovator also available for rent. The 10' drill rents for \$8/AC, the 7' drill rents for \$7/AC, the 8' drill rents for \$10/AC, and the renovator rents for \$6/AC. If you would like to schedule either the drills or the renovator, please call 573-243-1467 ext 3.

### **WILDLIFE WAYS DID YOU KNOW.....**

In the early 1930s the wild turkey was on the verge of extinction. But today, thanks to wildlife restoration programs and willing landowners, the wild turkey is

abundant and thriving. It's found in every state except Alaska.
