Subject: SWCD Elections
Attachments: memo-2022-008-board-elections.pdf

Good morning,

The new SWCD election policies state the SWCD board must submit a list of eligible candidates to the program office. When submitting the nominees to the program office please submit a Verification of Supervisor Eligibility Form for each nominee and also a signed Candidate Nominee Form. Please have this information submitted to the program office by January 14th. Thank you to the SWCDs that have already submitted this information.

Prior to the election period (Feb 1 – 20) the program office will develop the ballot for each SWCD and place the ballot on the SWCD internet page. The SWCD will need to publicize the election as stated in the District Operations Manual. The SWCD will also need to print ballots off of their internet page and have the ballot available at the local SWCD office for individuals that wish to vote in person. Memorandum 2022-008 that details the SWCD election schedule is attached. If you have any questions please contact your district coordinator. Thank you.

Thank you,
Soil and Water Conservation Program

We'd like your feedback on the service you received from the Missouri Department of Natural Resources. Please consider taking a few minutes to complete the department's Customer Satisfaction Survey at <https://www.surveymonkey.com/r/MoDNRsurvey>. Thank you.

**MEMORANDUM
2022-008**

DATE: September 20, 2021

TO: All Soil and Water Conservation Districts

FROM: Kurt Boeckmann, ^{SB for} Director
Soil and Water Conservation Program

SUBJECT: Board Elections

The Soil and Water Conservation Program recently updated the election section of the District Operations Manual to include the new policies approved by the Soil and Water Districts Commission at their June 9, 2021 meeting. Based on these policies, a SWCD board election will be held in each SWCD in February 2022. The election process however starts in November 2021 with the nomination period. Attached is the election schedule for the upcoming election. Dates on the calendar have been adjusted slightly due to holidays and the MASWCD training conference.

Based on surveys received in January 2020 from SWCDs, the first election under the new policies will be in areas 2 and 4. The majority of SWCDs that completed the survey stated that areas 2 and 4 were up for election sooner than areas 1 and 3. All SWCDs will be required to hold SWCD board elections for areas 2 and 4 in February 2022 according to the new approved policy. SWCD board election in Areas 1 and 3 will then take place in FY24.

The program office is working on developing materials to assist the SWCD with their promotion of both the nomination period and election. This information will be available on the SWCD intranet site prior to November 1st.

The Soil and Water District Commission and Program Office appreciates the patience of all SWCD board members and staff over the past 18 months as the new policies were developed. As your SWCD proceeds through the election process, if you have any questions please contact your district coordinator. Thank you.
