**Importance:** High

Missouri Conservation Team,

As we discussed in our statewide Program calls the last two weeks, CEMA 216 has been revised. See information below for a national training that is required for all staff delivering RPP.

A web-based training has been scheduled to support the revision of CEMA 216 Soil Health Testing and the delivery of the Regenerative Pilot Program (RPP). It will be delivered synchronously on its scheduled date, and available for on-demand viewing thereafter on conservationwebinars.net. **This training is required for field office employees to help them deliver the Regenerative Pilot Program.**

Webinar Title: **Implementing CEMA 216 – Updated Information January 2026**

When: **Jan 29, 2026 1:00 pm** US/Eastern

URL: <https://conservationwebinars.net/webinars/implementing-cema-216-updated-information-january-2026>

Registration is not required, but it is recommended to ensure the audience is properly accommodated.
