Good afternoon,

The Soil and Water Conservation Districts have obligated \$50.1 million in cost-share funds across the state. The current obligated amount is considerably less than last year at this time. Therefore, at the Soil and Water Districts Commission meeting on February 19, 2025, the commission approved to increase the supplemental maximum to \$800,000 for the remainder of the fiscal year and provide an additional supplemental allocation in March to effectively utilize the FY25 cost-share appropriation.

The date for the next supplemental allocation will be Thursday, March 6, 2025. MoSWIMS will be locked at 4:00 on the 6th in order to complete the supplemental process.

As an additional reminder, please be sure to keep board approval dates on all contract, change orders, and contract payments up to date in MoSWIMS to ensure the program has the most updated information.

If you have any questions, please contact your district coordinator.

Thank you.
