Good morning.

It has been determined to allow districts to request a supplemental allocation on a weekly basis. Once the program has reached the FY22 cost-share appropriation the supplemental allocations will be completed. District's must still be at 90% obligated in a resource concern to be eligible for a weekly supplemental allocation. As a reminder the commission removed the supplemental maximum of \$600,000 for the remainder of the fiscal year. If your district is interested in a weekly allocation, please send your district coordinator an email asking for a supplemental allocation and include the resource concern the district qualifies for.

Thank you.
