Subject: FY24 Annual Report

The FY24 Annual Report is finalized and ready to showcase the important work that each one of your soil and water districts, boards and conservation partners accomplished in FY24!

Thank you to the districts that provided a write up and photos for this publication. There is a lot of work that goes into organizing and fact checking a publication of this size. The FY 24 SWCD Annual Report is located on the intranet under the Annual Report tab on the left hand side of the screen or at the following link

[https://mosoilandwater.land/sites/mosoilandwater/files/SW%20District%20Book%202025_Final_Digital\(1\).pdf](https://mosoilandwater.land/sites/mosoilandwater/files/SW%20District%20Book%202025_Final_Digital(1).pdf)

It is the goal for the FY25 Annual Report, all districts will submit a write-up highlighting the important work that was done throughout the year. This does not have to be related to cost-share numbers and could include any of the following:

- Provide something your district is proud of, something that your district does well, or you feel would help other districts
- Send a specific cost-share practice project that turned out well.
- General information about your staff/board/district, e.g. how long staff has been with the district.
- A particular event that the district has sponsored.

Essentially, we want you to tell us about your district so that we can share your accomplishments. Each district works hard and the Program Office wants to recognize your great work.

This publication provides a central location for access to valuable information by anyone that is interested, giving districts the ability to work more collaboratively and making the soil and water conservation program the best that it can be.
