**Subject:** FW: Cost-share year end reminders

Good Afternoon,

We would like to thank all the soil and water district board members, employees, and our partners for all their hard work this fiscal year. We had some unprecedented challenges and everyone pulled together to get things done. Here are some final year-end cost share reminders:

- Today is the last day to submit contract payments that were returned for corrections in order to get them paid in FY20. Program office staff can only approve payments until 5:00 p.m. today.
- MoSWIMS will be locked for statewide rollover on Tuesday June 30, 2020 at 5:00 p.m.
- The only contracts that should be in FY20 when MoSWIMS is locked should be at the status of DELETED, CANCELLED or PAID.
- Change orders to extend termination dates into FY21 must be board approved prior to MoSWIMS lockdown.
- All pending contracts should have a termination date assigned that falls in FY21. When assigning FY21 termination dates, the district should take into consideration the approximate dates that MoSWIMS will be shutdown plus any additional time needed.
- It is anticipated that MoSWIMS will be unlocked on July 9, 2020. A statewide email will be sent out once MoSWIMS is unlocked and available for use.

If you have any questions on the information contained in this email, please contact your district coordinator.

Thank you.
