Good afternoon,

Calculations are complete for FY27 performance based funding for all districts. Your districts letter that outlines the process for claiming your funding can be retrieved from the SWCD SharePoint site or by clicking on the following link  [FY27 PERFORMANCE FUNDING](#) . More than \$320,000 will be distributed to SWCDs this year based on the four-part performance formula. Many districts improved their scores statewide. Here are a few of the highlights from the work completed during FY26:

- 4 SWCDs had perfect quarterly reports during the entire sample period with zero returns for corrections, another 7 only had a single return.
- 15 SWCDs paid contracts for at least 10 different practices, with one district completing 16 different practices with landowners in the county.
- 15 SWCDs applied conservation practices on more than 5,000 acres.
- 6 SWCDs paid out more than \$1,000,000 in cost-share to their cooperators.

If you have any questions about your performance funding, please contact your district coordinator.

Thank you,

MoDNR Soil and Water Conservation Program
