Subject: MoSWIMS Components

Good morning.

It has come to our attention since the MoSWIMS FY 22 rollover there are some districts that are missing components needed for practices. It seems like the DSL-44 - Terraces and DWC-01- Water Impoundment Reservoir are the two most common practices missing components. Please review the components for each of these practices and if you need components added to a practice, please contact your coordinator.

Thank you.
