Good afternoon,

The SWCP is planning to hold a basic training next Friday at 1:30 to go over how electronic file storage on shared servers will be changing for soil and water district staff in the near future. This will address new locations that you will be able to store files (sharepoint and onedrive) as well as deadlines for when you will no longer have access to current shared servers. Here is the link to the training and you will also receive a calendar invite shortly.

Hope to see you Friday.
