Subject: 2026 Annual Report Reminder Request
Date: Monday, September 14, 2026 7:36:41 AM

Good morning,

Thank you to those districts that have already submitted your districts submission. Friendly reminder to please send in your FY26 annual report district highlight that the program office was requesting from districts by October 1, 2026. Please send highlights to Kelsey Kempker (Kelsey.Kempker@dnr.mo.gov). For reference below is the link to the FY25 Annual Report

It is the goal for the FY26 Annual Report, all districts will submit a write-up highlighting the important work that was done throughout the year. This does not have to be related to cost-share numbers and could include any of the following:

- Provide something your district is proud of, something that your district does well, or you feel would help other districts
- Send a specific cost-share practice project that turned out well.
- General information about your staff/board/district, e.g. how long staff has been with the district.
- A particular event that the district has sponsored.

We want you to tell us about your district so that we can share your accomplishments. Each district works hard and the Program Office wants to recognize your great work.

This publication provides a central location for access to valuable information by anyone that is interested, giving districts the ability to work more collaboratively and making the soil and water conservation program the best that it can be.

Thank you,
