**Subject:** Black Vulture Information

Good morning,

The Missouri Department of Agriculture (MDA) is doing an informational campaign on Black Vultures through the Brownfield Network. MDA is working with Brownfield on ways to provide information to farmers throughout Missouri. The USDA and district offices were suggested as a location to have information available. MDA is mailing to all USDA and district offices mitigation resources to have available for livestock producers. The materials should be arriving soon.

Thank you,

Soil & Water Conservation Program
