Subject: FW: Partner Staff Training Needs Assessment

Good morning.

The following link takes you to a partner training needs assessment regarding native grasses/forbs - https://moconservation.co1.qualtrics.com/jfe/form/SV_6mKjdXr4oFQGn8q

Please complete the survey if you are interested in receiving additional training regarding establishment and management of natives **by COB, Monday March 20, 2023**. The survey is heavily weighted toward utilizing natives for grazing, but there will be opportunities for training on establishment and management for other uses. The results of this survey will be used to prioritize and offer partner training opportunities in the coming year.

Thank you for participating in the survey, it should only take 5-10 minutes. Partner staff will receive a similar email from their respective organizations as well.
