<soil&waterconservationprogram@swcd.mo.gov>

Good morning,

The cost-share appropriation for FY24 is \$50 million and the total in contract payment status is nearing \$48.4 million with many more contracts yet to be submitted for payment. The program will continue to monitor the contract payment status and work through the list of contract payments until we have reached the \$50 million appropriation. Once the appropriation has been reached, any remaining payments pending program office review will be returned to the district and additional guidance on how to address the contracts. The contracts where the practices were completed and returned to the district will have to held until after July 1 to be paid from the FY25 cost-share appropriation.

As practices are completed, districts are encouraged to submit payments as soon as possible to ensure cooperators can be paid in this fiscal year. Please remember the earlier guidance that completed contracts are to be in Pending PO FIN status by midnight on June 14, 2024.

If you have any questions, please contact your coordinator.

Thank you.
