Good afternoon,

The Program Office is gathering data for the District Operations and Program Delivery Committee about interest in family health insurance coverage. In order to consider providing any additional funding for health insurance, we must determine what the fiscal impact could potentially be. We are asking every district employee to fill out a short, six question multiple-choice survey. Please ensure this opportunity to provide input is shared with all benefit eligible staff in your district. Click on the following link to complete the survey by 5 P.M. this Friday, June 16th.
