Subject: All Districts SWCD Meetings Link

Good morning.

There were several requests from districts to record the All Districts SWCD Update. In response to this request the Program Office has created a section titled "[All Districts SWCD Meetings](#)" located on the [Soil and Water Intranet](#) page. This section is shown on the left hand side under the Memos and Correspondence link. Featured in this section will be the links to the meeting recordings and any presentations from those meetings for staff to review if they were unable to attend or missed something that was discussed. Thank you for your patience at our first meeting and please be aware that there was a technical error from 10:50-12:35 of the recording where there is no sound so please feel free to skip forward in that section of the recording.

Thank you.
