

FREE In-Person Workshop | Dinner Provided

Native Warm Season Grass Pasture Walk

August 1, 2023 | 3:00 P. M.

**Vernon County Fairgrounds Centennial Hall
1617 East Ashland Street | Nevada, MO 64772**

Register online at <https://extension.missouri.edu/events/native-warm-season-grass-pasture-walk> by July 27th in order to attend.

NRCS Soil Health Specialist Drexel Atkinson, MDC Private Lands Conservationist Josh Cussimano, and MU Animal Science Associate Teaching Professor Harley Naumann will be providing education on:

- Cattle grazing management of native warm season grasses
- Conversion process of cool season grass pastures to native warm season grass pastures
- Benefits of incorporation of native warm season grasses into cattle grazing pastures

Following the lecture and dinner portion of the pasture walk there will be a farm tour at Prairie View Stock Farm at 2172 South State Hwy WW, Rich Hill, MO 64779. This will allow workshop participants to get hands on demonstration and further discussion of topics discussed during the lecture portion of the workshop.

an equal opportunity/ADA institution

For more information on how to register, contact the Vernon County MU Extension Center at (417) 448-2560 or davimp@missouri.edu
