Check here if special accommodations  
(handicap or dietary) are needed. If so, what  
accommodations are needed?

Clip and return this portion with payment.

### **COST-SHARE PROGRAMS AVAILABLE TO ASSIST WITH ROTATIONAL GRAZING**

#### **DSP-3, Planned Grazing Systems—**

practice is available in participating counties through district cost-share. The main objective is to promote total resource management on pastureland through rotational grazing. Costshare is available for interior fence, water and water distribution.

#### **EQIP, Environmental Quality Incentives**

**Program**—is available through NRCS. The main objective of the program is to better manage present resources. Cost-share will be provided for components necessary to install a grazing system as well as addressing additional on the farm concerns.

#### **MDC, Missouri Department of**

**Conservation**—provides cost share for alternative water and fence to exclude livestock from riparian areas.

#### **CCRP, Continuous Conservation Reserve**

**Program**—has cost share available for alternative water and fencing for riparian areas for livestock exclusion with enrollment of qualifying ground into CRP as marginal pasture.

The Soil & Water Conservation Districts are funded by the  
1/10 of 1% Parks, Soils and Water Sales Tax.

USDA is an equal opportunity provider, employer, and lender.

***Special Thanks to the  
Tappmeyer Family Farm for  
hosting the farm visits.***
