Check here is special accommodations
(handicap or dietary) are needed. If so,
what accommodations are needed?

☐

Please fill out and return to Address

COST-SHARE PROGRAMS

AVAILABLE TO ASSIST WITH ROTATIONAL GRAZING

DSP-3, Planned Grazing Systems—

practice is available in participating
counties through district cost-share. The
main objective is to promote total resource
management on pastureland through
rotational grazing. Cost share is available
for interior fence, water and water
distribution.

EOIP, Environmental Quality Incentives

Program—is available through NRCS.
The main objective of the program is to
better manage present resources. Cost-
share will be provided for components
necessary to install a grazing system as
well as addressing additional on the farm
concerns.

MDC, Missouri Department of

Conservation—provides cost share for
alternative water and fence to exclude
livestock from riparian areas.

CCRP, Continuous Conservation

Reserve Program—has cost share
available for alternative water and fencing
for riparian areas for livestock exclusion
with enrollment of qualifying ground into
CRP as marginal pasture.
