

UnderstandingAG

Increasing Profitability Through Regenerative Agriculture

February 20, 2024

Eric Fuchs, Rodney Saunders

Understanding Ag can help you achieve your regenerative agricultural goals and objectives.

This Understanding Ag Workshop will teach you:

- Increase profitability through natural nutrient cycling
- Design cover crop mixes for your farm
- Take and interpret the proper soil tests
- Drought proof your farm
- Reduce your input costs
- Use less hay and silage
- Make farming enjoyable again

Tuition

Free Admission - Limited Seats

Online Preregistration Required

Lunch will be provided each day

Workshop Location

LaVon Burris Center
#1 Center Drive
Brookfield, MO 64628

MISSOURI
DEPARTMENT OF
NATURAL RESOURCES

United States
Environmental Protection
Agency

The United States Environmental Protection Agency Region 7 through the Missouri Department of Natural Resources has provided partial funding for this project (G23-NPS-05) under Section 319 of the Clean Water Act.

Understanding Ag's mission is to use our passion and experience to educate farmers, ranchers and communities in applying time-tested ecological principles to regenerate our living ecosystems, thereby restoring the health of all.
