## Tuesday Tour

**COLLEGE OF THE OZARKS®**

A WALKING tour of a unique college where students:

- Don't pay tuition
- Work for an education
- Graduate without debt
- Learn character

The students work program involves [www.cof.edu](http://www.cof.edu) over 80 diverse and fulfilling work areas many of which are agricultural related. Agriculture is a dynamic and diversified field in which the need for graduates that are trained in the liberal arts as well as the practical and scientific aspects is great. The professionally

taught College of the Ozarks agriculture curriculum is coupled with a hands-on farm production, industry, and managerial work experience available to the students. The agriculture department has modern, state-of-the-art facilities in both the academic and the work program areas which makes it a very unique program!
