

Help Us, Help *You*, the Missouri Woodland Owner!

Serving Missouri, Delivering Mizzou

That's what the Natural Resources Extension Team wants to do for Missouri's 350,000 private citizens who own 82 percent (12.6 million acres) of the state's forests and woodlands. To do that, we need your input. The following questions will help us better understand your reasons for owning the land you do, what sort of assistance you would like, and how we can best deliver that information to you.

YOUR RESPONSES ARE COMPLETELY ANONYMOUS. There is no way for us, or anyone else, to 'track' you or maintain sensitive information.

Feedback is a gift, and we value yours!
