

## **Jerry Weinrich retires from Lincoln County SWCD After almost 33 years**

The Lincoln County Soil and Water Conservation District wants to wish Jerry Weinrich the best in retirement! Jerry has decided to retire after almost 33 years with the district to spend precious time with his parents and assist with babysitting his first grandbaby like his parents did for him as a young father and husband. He will also be going back to farming full-time. Jerry has done more than his fair share for the district over the years. It has been estimated that he assisted farmers and landowners with contracts totaling more than \$3,500,000.00 in State Cost Share dollars and saved countless tons of topsoil during his tenure. Thank you for all your hard work!
