

Linn County Soil & Water Conservation District

Conservation Resources

July 2022

COST SHARE SIGN-UP

The Linn County Soil & Water Conservation District will be holding its annual cost share sign up August 1st through August 31st 2021. **The sign-up will be held via phone call and in the office.**

This sign-up will begin for Fiscal Year 2024 which runs from July 1, 2023 through June 30, 2024.

Cost-share will be allocated through a continuous list system beginning on September 1, 2022. One last sign-up and drawing will be held from August 1-August 31, 2022. The drawing will be held in the following order.

1. Landowners who have signed up 4 years in a row.
2. Landowners who have signed up 3 years in a row.
3. Landowners who have signed up 2 years in a row.
4. Landowners who have signed up 1 year.

The drawing will be the beginning of the continuous list system. Landowners will be able to begin signing up on this list September 1, 2022 but will go to the bottom of the list if requested after the drawing is complete. Landowners will be able to sign up any time of year after this.

Guidelines

- Each landowner (defined by SSN or TIN associated with the ground) can only be on the list one time per SSN or TIN.
- No trading spots on the list with other landowners.
- There will be no skipping and coming back to landowners if they are not ready. If a landowner is not ready for any reason they will be moved to the bottom of the list.

There will also be money set aside (up to \$30,000) to use on cover crop practices. There will be a separate list kept for this practice. Landowners can be on both lists. Each landowner or operator will be limited to \$5,000/year maximum.

Just a reminder that if a landowner receives cost share assistance this fiscal year (July 1, 2022-June 30, 2023) you will not be allowed to sign up this coming year.

This is 75% cost share assistance with the maximums being \$30,000 for terraces, \$20,000 for ponds and other maximums vary depending on the practice. You will have the option of signing up for cost share on cover crops again this year. You are able to sign-up for cover crops and 1 other practice.

If you have any questions, please call our office at (660)258-5732.

RENTAL EQUIPMENT

John Deere 6155R Tractor-\$35/hr; \$140 min; \$500 deposit and

proof of liability insurance required

15 ft. John Deere No Till Drill-\$12/acre; \$100 minimum

15 ft Great Plains Drill-\$12/acre; \$100 minimum

10 ft Great Plains Drill-\$12/acre; \$100 minimum

2 Row No Till Planter-\$50.00/day

ATV Spreader-\$15.00/day

ATV Sprayer-\$10.00/day

10 ft. Brillion Seeder-\$10/acre; \$100 minimum

Lime Cart-\$125/day in county, \$150/day out of county

Pull Behind Sprayer \$25.00/day

Phillips Rotary Harrow-\$100.00/day + \$3.50/acre

Blower-\$10.00/day

Burn Equipment-\$10.00/day

Blower & Burn Equipment-\$15.00/day

Root Plow-\$15.00/1st day, \$5.00 each consecutive day

Big Bale Processor-\$100.00/day in county; \$150.00/day out of county

Manure Spreader- 1 day-\$200, 2 days-\$300, 3 days-\$400

Portable Corral-\$100.00 first day; \$50.00 each additional day.

Maximum of 3 days rental

Pull Behind Spreader-\$25.00/day

FISCAL YEAR 2022 COST SHARE UPDATE

The cost share for fiscal year 2022 came to an end in June. The District ended the year spending \$469,445.20 for 26 Linn County landowners to control erosion. There were 14 Terrace Practices (DSL-44) and 11 Ponds (DWC-1).

Our fiscal year 2023 cost share got underway July 1st with an allotment of \$553,186 in Sheet and Rill/Gully Erosion, \$4,000 in Grazing Management, and \$2,000 in Sensitive Areas.

STATE COST SHARE PRACTICES

Sheet and Rill/Gully Erosion

DSL-01 Permanent Vegetative Cover Establishment

DSL-02 Permanent Vegetative Cover Improvement

DSL-04 Terrace System

DLS-44 Terrace System with Tile

DSL-05 Diversion

DSL-11 Permanent Vegetative Cover: Critical Area

DSL-111 Permanent Vegetative Cover-Critical Area:
Confined Animal Feed Lots

DSL-15 No-Till System

DWC-01 Water Impoundment Reservoir (Ponds)

DWP-01 Sediment Retention, Erosion, or Water Control
Structure

DWP-03 Sod Waterway

N332 Contour Buffer Strips

N340 Cover Crop

N380 Windbreak/Shelterbelt Establishment

N410 Drop Pipe

N585 Contour Stripcropping

Woodland Erosion

C100 Timber Harvest Plan

DFR-04 Forest Plantation

N472 Livestock Exclusion

N655 Restoration of Skid Trails, Logging Roads, Stream
Crossings and Log Landings

Irrigation Management

N430 Irrigation Water Conveyance

N442 Irrigation Systems, Sprinkler

N443 Irrigation System, Surface and Subsurface

N447 Irrigation System, Tailwater Recovery

N554 Drainage Water Management

N587 Structure for Water Control

Grazing Management

DSP-02 Permanent Vegetative Cover Enhancement

DSP 3.1 Grazing System Water Development

DSP 3.2 Grazing System Water Distribution

DSP 3.3 Grazing System Fence

DSP 3.4 Grazing System Lime

DSP 3.5 Grazing System Seed

Sensitive Areas

C650 Streambank Stabilization

DSP-31 Sinkhole Improvement

BDSP-31 Buffer Sinkhole Improvement

N351 Well Decommissioning

N380 Windbreak/Shelterbelt Establishment

N386 Field Border

N391 Riparian Forest Buffer

N393 Filter Strip

N574 Spring Development

N725 Sinkhole Treatment

WQ10 Stream Protection

Animal Waste Management

N312 Waste Management System

N316 Incinerator

N317 Composting Facility

Nutrient and Pest Management

N590 Nutrient Management
